## Commitment to our workers

Our commitment to our workers is to implement the highest ethical standards of conduct and best quality practices in the USA and internationally.

In October of 2019, Next Level Apparel was officially voted in by the Fair Labor Association (FLA) in Washington D.C. as an approved Participating Company, an achievement Next Level has had its sights set on since 2015. It's a badge that sets us apart and recognises the commitment and diligence that has been put into our social responsibility and social compliance program since the company was founded in 2003.

We're also partners with Better Work at a factory, national and international level. Better Work is a partnership between the United Nation's International Labor Organisation (ILO) and the International Finance Corporation (IFC), a member of the World Bank Group. As a partner of Better Work, Next Level Apparel enrolls in their comprehensive program to bring together all levels of the global garment industry to improve working conditions and respect labor rights for workers, while boosting the competitiveness of apparel businesses.

We are committed to upholding the FLA Workplace Code of Conduct and Principles of Fair Labor and Responsible Sourcing throughout our entire global supply chain. And have made it our mission at Next Level Apparel to collaborate with the FLA and fellow affiliates to improve workers lives worldwide.

### Our Promise

Partner with suppliers who uphold the same high ethical standard. Prioritise worker's rights by ensuring working conditions in factories worldwide. Administer and implement our updated Workplace Code of Conduct throughout our entire global supply chain.
